THE GOLDSTON SPEAKING.

Some Notes and Impressions of the Occasion.

We greatly enjoyed the speaking and barbecue dinner at Goldston yesterday. As reported in these columns, it was a great day for Chatham democracy and white government. Hon. Lee S. Oyerman made an earnest and eloquent appeal. W. W. Edwards' remarks, following Mr. Oyerman, were much enjoyed and did, perhaps, as much good as any man who spoke.

After dinner our own eloquent young candidate for solicitor made his first campaign speech for himself. Yet, the speech was not for himself; he spoke for white supremacy and good government, merely announcing in the outset that he was the democratic standard-bearer for the office of solicitor. He did not refer to it again. The people were pleased with him and moved by his earnestness and eloquence.

Following him came the able, fearless and bold champion of democracy, Henry A. London, editor of the Chatham Record, whose clear voice has echoed and re-echoed over the Chatham hills in every campaign for thirty years. His speech on yesterday showed that he increases in zeal, and has lost none of the vigor and fiery eloquence which has characterized his speeches for over a quarter of a century. He is unwavering in his unselfish devotion to our common cause.

Hon. D. E. McIver, of Moore, and R. H. Hayes, of Chatham, were called upon and both made impromptu speeches full of snap which brought forth loud and prolonged applause. When the speaking closed enthusiasm had reached the top and the big crowd went away feeling good.

A SECRET CIRCULAR LOST.

The Damage Was Done By Holton and Can't Be Remedied.

The world has lost another choice piece of literature and the Southern Railway has escaped, by the mere skin of its long iron teeth, a powerful drubbing and a scathing denunciation at the hands of republican chairman Holton.

In his waste basket yesterday the rough draft of a circular was found, in which the Southern was attacked for the accident to Jim Young's train near Asheville the other day, and the management of the road was charged with being in sympathy with, and in the employment of, the Democratic party. The document said:

"We denounce in unmeasured language [if it had been measured it would have panned out about a quarter of a column] the attempt of this grasping monopoly to destroy Republican votes, kill our own beloved negroes and thereby seriously impair the volunteer service of these United States, thus enabling the Democratic party to carry the election for ever hereafter and making our great and glorious country in future the football and by-word of other nations."

Why the chairman did not have a few thousand of these wonderful documents printed and distributed, we are at a loss to understand. Certainly they contain as good literature and much better sense and finer judgment than many circulars that he is now scattering broadcast over the land.—News-Observer.

Very Gratifying.

Mr. S. L. Crowder, state examiner of insurance companies, representing the secretary of state, has been here the last two days making an official examination of our two Greensboro insurance companies, the Southern Stock Mutual and the Underwriters. He expresses himself as highly pleased with the condition of these companies and says he has never seen a set of books and records kept in a more satisfactory manner. All of which is of course gratifying to the people of Greensboro as well as to our insurance companies.

The Movement for Street Cars for Greensboro.

A JOINT COMMITTEE APPOINTED.

The Meeting of the Board of Aldermen Last Night—Other Matters of Importance Discussed.

At an adjourned meeting of the board of aldermen last night, the mayor in the chair, all the members were present except Aldermen Ellington, Shaw, Merritt, McKinney and Pickard.

A committee from the Industrial and Immigration Association appeared before the board and presented a resolution requesting an extension of time in letting the lighting contract for the city. [The resolution was printed in this paper yesterday.] The object of the extension being to advertise for bids to secure an electric plant to furnish power for manufacturing purposes and an electric street car line in addition to lighting the streets: whereupon Alderman Bain offered the following resolution which was unanimously adopted:

Resolved by the Board of Aldermen of the city of Greensboro, N. C.: That it is the sense of the Board that it would be for the best interest of the city to give its contract for lighting the streets to a person or persons or corporation, who will, besides lighting the streets, furnish power for factories, put in incandescent merchantable lights, and establish and maintain a street car system, and that bids to this end be invited; and further, that a committee of three be appointed, by the mayor to investigate the matter, and to act with a like committee from the I. & I. Association.

The mayor appointed the following committee for the purposes named above: Aldermen Mendenhall, Bain and Elam.

[At a meeting of the I. & I. Association, held this morning, the following committee was appointed with the above committee from the board of aldermen: W. E. Bevil, J. S. Hunter and R. W. Brooks.]

A proposition from Messrs. C. N. and W. D. McAdoo in regard to putting surface drain pipes through McAdoo meadow was referred to the street committee.

Chas. H. Ireland asked that a committee be appointed to investigate and look into the feasibility of putting in sewer in the western part of the city. After a discussion of the question Alderman Elam moved that a committee of three be appointed by the mayor which with the city attorney shall prepare three bills to be presented to the next legislature for the purpose of giving the city the power to issue bonds and own and operate an electric light plant, complete the sewerage system and own the city water works. Carried. The mayor appointed on this committee Aldermen Mendenhall, Ellington and Shaw.

Mr. R. King, representing the Southern Railway stated that the company would ask the city to change the sidewalk on the west side of South Elm street at the point opposite the new depot, and asked that the matter be referred to the street committee, which was done.

The board adjourned.

EVANGELIST LEE IN GEORGIA.

The Eager and Earnest, Brainy and Brawny Irishman.

In the Savannah (Ga.) Morning News of the 13th inst., we find the following dispatch from Quitman, Ga., Brooks county, where Mr. Lee is carrying on a mighty crusade against the great enemies of mankind—drink and the devil. Mr. Lee's many friends here will be glad to hear from him and his work, and we copy the dispatch:

Quitman, Ga., Sept. 12.—Brooks county is thoroughly stirred on the question of prohibition, and a local option election will be held here in the near future.

Rev. J. W. Lee, of North Carolina, the noted temperance evangelist, who figured so conspicuously in the elections in Randolph and Sumter counties, in Georgia, and Hamilton county in Florida, has been here for the past ten days carrying on a tent meeting and running a crusade in favor of prohibition.

He came here under the combined auspices of the Methodist, Baptist and Presbyterian churches of the city, and his work has been nothing short of phenomenal. His audiences have recorded the high-water mark in audiences of any kind in the county.

His tent has a seating capacity of

3,000, and at each meeting for the past week it has been filled to its utmost. The audiences which greet him come not only from the town, but from the country for a radius of fifty miles, and by his logic and eloquence he holds their attention for hours at a time.

Rev. Lee is a powerful speaker, and his lectures and sermons on the ravishes of rum and the curse of the open saloon have aroused and had a wonderful effect on the people of the country.

The legal requirement to order an election on the risky question in this county are 25 qualified voters. This number he secured the first opportunity given and now has to his petition more than 500 names of legal qualified voters.

Brooks county has always been considered safely in the wet column, but today there is hardly a man who does not place it in the list of dries, and there can be no doubt but that if the election were held tomorrow that whiskey would be voted out.

Mr. Lee is a native Irishman, and his earnestness and eloquence impressed the people. He will remain here another week and then go and take up the same work in Thomas county.

He will then go to Bibb county in the near future and will be in Fulton county during the fall.

He says he intends drying the State of Georgia.

Capt. Rankin has been running a bottled train for several weeks but last night his train came in minus of a tail. The flange of a box car wheel broke off and dished three cars, causing Capt. to have to leave his coach near the eleventh mile post.

When we saw the passengers coming out of the box cars when the train arrived about an hour late we thought that possibly a set of hobos had taken charge and left "Cap" and his coach in the woods. A wrecking train with Supr. O'Brien, Master of train Walsh and Supervisor Wilson and section hands went down and temporarily cleared the wreck. This is the first wreck to amount to anything that Capt. Rankin has had on the Asheville road.

SURGEON GENERAL'S DUTIES.

Statement Given Out Explaining His Responsibility.

REQUIRE SUPER-HUMAN POWER

To Meet the Expectations of Many Who Have Criticized the Acts of the Surgeon General.

By Wire to THE TELEGRAM.

Washington, Sept. 17.—The following statement was given out today from the office of the Surgeon-General with regard to the responsibility in the medical department of the army:

It would require super-human power to meet the expectations of some of those who have criticized the Surgeon General. His responsibilities are great, but it is impossible for him to personally administer or supervise the medical administration of the armies in the field, and for this reason chief surgeons were appointed for each military department, each army corps, each division and each brigade.

These chiefs are responsible to the commanding generals and the Surgeon-General has no authority over them, and to hold him responsible for the conduct of five hundred or more regimental surgeons appointed by the governors of states, most of them without previous military experience, is absurd. At the same time six hundred contract doctors are employed, and the urgent need of medical assistance made it impossible to have boards of examination for all these doctors. Even if they were qualified they lacked experience and the Surgeon-General is not responsible for the neglect or incompetency of medical officers, whether regular or volunteer. His duties are to recommend the assignment of medical officers; he has direct charge of general hospitals, hospital ships and medical supply depots.

The Surgeon-General has endeavored to anticipate the wants of the army and has established branch supply stations. Most of the orders come by telegraph and sometimes there is no means of transportation. Hospital trains are not under his direction, neither are transports, which are engaged to carry sick or convalescents.

REFUSED CASH FROM NEGRO.

Second Texas Volunteers Would Not Take Pay From J. R. Lynch.

The war department yesterday was embarrassed over the receipt of news that the Second Texas regiment, at Jacksonville, had refused to accept pay from a negro paymaster. When the regiment lined up for pay they were confronted by Paymaster J. R. Lynch who was regularly appointed by the President to disburse army money. The first man to face Paymaster Lynch was the Colonel of the Second Texas. He refused to accept his pay. The others who followed him also declined the money. Paymaster Lynch became very indignant, but to no avail. The Texas men refused to draw their pay from a negro.

Mr. Lynch immediately referred the matter to the War Department. At the same time the officers and men of the Second Texas regiment protested. General Stanton, paymaster of the army, said yesterday that the Second Texas regiment would undoubtedly have to wait for its money, as Lynch had been regularly appointed and that the money had been disbursed according to law.

TAKING SHAPE.

There is no reason why Greensboro should not do what other cities of even less population have done. The people are beginning to realize that street cars are necessary in this city, and that an electric light plant that will furnish power for this purpose and also for small manufacturing enterprises in connection with street lighting must be established here.

The board of aldermen, at an adjourned meeting last night, adopted a resolution looking to that end. A joint committee from the Board and Industrial and Immigration Association now have the matter in charge and will advertise for bids for the above named purposes.

Thus it will be seen that the matter is taking tangible shape. It is hardly necessary to say that this movement is in no sense a fight on the present lighting company. Indeed, we hope the company may find it to their interest to comply with the demands of the city and make a bid that will secure the contract for furnishing these things. We believe that is the sense of a great majority of our citizens. If they should find they can't do it, and it is ascertained some one else can, then the contract should be let accordingly.

It is no longer a myth—it is a cheerful fact that the white people are getting closer together. They are burying the hatchet and holding love feasts together. The negroes at Goldston yesterday, in answer to a speaker, said a negro who voted with the democrats voted against his color and was a "sorry nigger." "What, then, do you think of a white man who votes against his color?" "He is a sorry white man," came the response from the colored men. The negroes themselves have drawn the color line and insist on keeping it drawn. This leaves nothing else to be done but for white men to vote for their own color. They will do so in larger numbers this year than in many years.

The only state in the union having a negro congressman, negro solicitor, negro aldermen, negro justices of the peace and negroes in other offices of authority—North Carolina. Let's wipe off these black specks.

The city of Greensboro first, the balance of the world, including Cuba, Porto Rico and the Philippine Islands, next.

When a great leader like Senator Butler is reduced to the extremity of indulging from the stump, in such expletives as "liar" and "hypocrite," it is good evidence that his leadership is slipping from him, and it may, at least, be said that he is running on a "moonlight schedule."

The democratic candidate for solicitor in this district, Mr. A. L. Brooks, made his first speech in the race yesterday at Goldston. He went down there almost a total stranger and came back with a long list of new friends. He made a good impression on the Chatham people and men left the speaking yesterday determined to carry the county for him.

GOING HOME NEXT WEEK.

If the Soldier Boys Can Get Their Boodle.

The event of yesterday in local military circles was the farewell review of the Second North Carolina regiment, by Governor Russell.

Thursday afternoon Col. Burgwyn issued the order for the formation of the regiment for review. This order was to the effect that the troops should form in line on the parade ground, march to and through the city, to the Governor's Mansion, where they were to be reviewed by his Excellency and his staff.

The order was strictly observed. The men formed on the parade ground at 4:30, marched down Hillsboro street to McDowell, then to Cabarrus; up Cabarrus to Fayetteville, down Halifax to Peace Institute, thence up Blount street to the Mansion.

The troops marched with pomposh rolled white side out, and with their cantos. Some companies wore their blouses, but most of them were dressed in the more sensible uniform of blue shirt and trousers.

On reaching the Mansion Col. Burgwyn first marched his soldiers by on Blount street, and then turned into the square and along the driveway past the front portico, which was used as a reviewing stand. Here the band and the regimental officers stopped, while the troops passed out and formed, at rest, along Blount street.

This done all the commissioned officers proceeded to the Mansion, grouped themselves on the steps and had their picture taken by Photographer Wharton.

Throughout the whole parade the regiment made a fine appearance, and its pathway was strewn with compliments for its good behavior and soldierly conduct. It is a body of fine looking men, well trained and disciplined.

The people of Raleigh are grateful to Col. Burgwyn for arranging the parade so they might see the soldiers of his regiment.

As it is expected that the soldiers of this regiment will leave for home on a furlough Monday the parade yesterday afternoon will be the last one under arms, as the soldiers will turn in their arms and equipments. They will retain their uniforms and blankets. These will be charged up to them on their clothing account.

Though the men are anxious for next Tuesday to come so that they may leave for home on thirty days' furlough, many of them as yet do not know how they will be able to get home. Most of them are without money and some of them know of no source from which they can obtain it. They can get a ticket home and return, good for thirty days, for the fare only one way. But how to get this one fare is what is troubling them.

Col. Burgwyn is in communication with the War Department trying to secure transportation from the government for his men. He has laid the facts before the Secretary of War and hopes to secure the desired concessions for his soldiers. There is, however, little prospect that he will be successful, as other States have made similar requests touching the muster out of their troops and been refused.

The sensible and the only sensible thing for the government to do is not to furlough the men at all, but pay them up, muster them out and let them go home once for all. The plan at present proposed—that of furloughing the men—is a soft thing for the railroads only.—News and Observer.

North Carolina Car Service Association.

Raleigh, N. C. Sept. 10th 1898.
To all Consignors and Consignees of Freight:

Serious loss and much inconvenience has been caused, both to the shippers and Railroad Companies, by the unnecessary detention of cars in loading and unloading freight. Shippers are often unable to procure cars, tracks are encumbered, and the speedy movement of freight is impossible under the practices that have prevailed. The Railroad Companies are obliged to correct this evil, and have issued the notice printed below.

The system thus established has been in successful operation in nearly all of the states in this country during many years, and with advantageous results to the public, as well as to the railroads. The amount charged is not sufficient to compensate the railroads for the use of their cars and tracks for warehouse purposes and is not collected for the purpose of revenue, but for the prevention of the detention of cars, which affects both the public and the transportation lines. The rules will be enforced without discrimination by the North Carolina Car Service Association, which will act for all interests alike.

NOTICE.

Notice is hereby given that on and after Oct 1st, 1898, cars not unloaded within forty-eight (48) hours after arrival, and cars which are not loaded within forty-eight (48) hours after being placed in position, shall be subject to a charge of one dollar (\$1.00) per day or fraction thereof, for the detention of cars and use of tracks Sundays and legal holidays excepted. A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., of Des Moines, Iowa. For sale by C. E. Holton.

More than twenty million free samples of DeWitt's With Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

Prof. W. F. Massey, of Raleigh, passed through the city yesterday en route to Jamestown to inspect an orchard suspected of being injured by the San Jose scale, or rather to ascertain if the scale has been destroyed.

Work is being pushed on the new Sunday School Annex to West Washington Street Baptist Church, and if it keeps on at the present rate the annex will soon be completed. It will be a handsome structure and will add much to the convenience of the church.

Preparations are being made to begin work on Wharton & McAllister's new office building as soon as possible. The foundation of the old Planter's Hotel is being torn away and brick-laying will begin at an early date.

Mr. A. F. Brooks, who will superintend the building, tells us he will employ twenty masons when the work begins. Wharton & McAllister are doing this as they do everything—in a hurry.

J. Ed. McDowell who was formerly proprietor of Stall No. 1 at the city market has bought the interest of Mr. Voltz in the firm of O'Connor & Voltz, who run a restaurant and bakery on South Elm street near the postoffice.
